

The first "Gin's 26-mile Day Hike" May 1, 2004

During the most recent board meeting in February 2004, the Board had decided to organize an annual hike in October of each year in Gin's name. The activity fees collected for that hike will be donated to American Lung Association in honor of Gin. Board had also decided to dedicate annual 26-mile hike to "Gin's 26-mile hike" starting this season.
